Dear Alumni of Tagore Sr Sec School, Barwa

School has 22 years of its establishment imparting quality education at Barwa. A number of students from the surrounding areas have accomplished their dreams. They now are settled in their lives. Every good educational institute has a strong support of its alumni. We like all former students to form an association and cherish the moments of their alma-mater. They may have a lot to share with each other and expect them to contribute for the growth of this school too. This will be a great help to the human society. Alumni are the most loyal supporters since the most precious moments of their lives are spent here. It's said happy childhood is the foundation of happy life.

We like to collect data of all former students who completed their X and XII class from here and then will help you to form functioning officials so that a permanent group is formed titled "TAGORIAN ALUMNI"

Kindly note it's going to be beneficial to both the alumni and the institute

We would like you to have an annual meet in the school campus. You also will be invited on all important occasions of the school.

We have created a link . you can fill up the form and very soon like would meet you after fixing a schedule.

Thank you

With all good wishes

Manoj K Agarwal

Principal
